

SPIRITUAL DIRECTIONS NEWSLETTER NO 4

July has not gone according to plan at all. For those of you that don't know; due to an injury that happened to a tendon in my upper right arm when I was working in Putaruru in June and misdiagnosis of this from my GP and her refusing to listen to me. I was then sent to a sports specialist who gave me a steroid injection which affects just made everything 100% worse I spent the first couple of weeks in pain, in bed and then in hospital. I am now on 6 weeks of antibiotics and pain killers which meant I had to postpone my Wellington trip which will now be taking place in September between the 2nd and the 5th I will let those of you that are wanting to have a Reading, Reiki Healing, A Spirit Guide experience getting attuned to your guides and angels with Diane Krippner through her art or perhaps be attuned as a Reiki Healer to Level one. For those of you that are not in the Wellington area all these services are available to you as well. Diane and I are both located in the Waikato but if we do travel to other areas if there is enough interest. Maybe you would like to get some friends together and have us visit you for a Spiritual Experience or if you would like to have a Reading with me a.s.a.p. you can contact me on line through [LivePerson](#) you will need to have a credit card or PayPal account. If you do not have either and you are a New Zealand citizen I can also do a reading through email or phone of which you can internet or physically bank funds into my bank account email me with your name at birth and date of birth and tell me whether you want an email or phone reading and I will give you bank details and arrange suitable phone reading appointment. Diane Krippner also works from her home and on a Wednesday for those of you that are in the Waikato/Hamilton area works from INFINITY. For an appointment with her you can contact her on 027 7874 998. I now have a FB page especially for my business you can search for me through SoupfortheSoul another place to see what is happening and share your own thoughts and ideas with others.
